Willer & Rhoads

For Hosiery Of the Better Sorts

If we bought our Hosiery in the "ordinary" way they would be no different from those you buy at the "ordinary" store. But we don't. Reason is we accept no run-o'-the-mill Hosiery (Including those with rips, tears and flaws in them) in order to secure a price lower than is asked for FIRST or Miller & Rhoads quality goods. Our buyers select hosiery with a carefulness that at once assures our patrons of THE BEST, therefore perfection in wear, shapeliness and beauty of texture—the prized productions of both home and foreign lands.

RICHMOND AFTER BURNED TO DEATH REUNION OF 1913 AFTER WILD LEAD

Movement Starts Next Monday. Veterans Would Dedicate Institute.

In order to begin a movement which, it is hoped, may culminate in helding the annual reunion of United Confederate Veterans in Richmond in May, 1913, a delagation of Confederate veterans will call upon Lieutenant-Governor J. Taylor Ellyson next Monday morring for the purpose of interesting aim in the proposition. Neither camp in the city has as yet taken the matter up, these veterans acting individually.

The sentiment is general throughout he South that if the Confederate Menorial Institute will be finished by hat time, and if Richmond wants the necting, there will be no opposition o holding it here. Otherwise, several tites would like to have it, notably coulsville. The next meetin gwill be teld in Macon Ga., in the spring, and the 1913 meeting place will then be thosen. The United Confederate Vetrans bring perhaps the largest attendance of any body which meets in the South.

in the South.

Since the signing of the contract for the construction of the Confederate Memorial Institute, with the stipulation under heavy forfeit that it must be completed by January 1, 1913, it is believed that the meeting will in all probability be held here. Should Lieutenant-Governor-Ellyson, who is president of the Confederate Memorial Association, take the matter up the next step will be an application to the City Council and to the Chamber of Commerce, for the co-operation of these bodies would be agreessity in financing the retunion.

Chesapeake and Ohio Operators Decline 5 Per Cent. Increase.

Vote Unanimously to Support Committee, Which Demands 12 1-2 Per Cent.

Failure to reach an agreement in the matter of the 15 per cent, wage increase demanded by teleghaph operators of the Chesapeake and Ohlo Railway caused both sides yesterday to concur in a proposition to submit the whole question to Judge Martin A Knapp, of the Commerce Court, and Charles P. Nell, Labor Commissioner, for mediation. It is expected that they will within the next few days order a hearing to take place either in Washington or Richmond.

Conference between the committee from the Order of Railroad Telegraphers and officials of the Chesapeake and Ohlo, which have been held almost daily since November 27, have resulted in the company's offering a general increase of 5 per cent. In an effort to secure an adjustment of the matter the telegraphers reduced their demands from 15 to 121-2 per cent, but declined to consider anything less. In justification of their demands the operators point out that while rival roads traversing approximately the same territory have within the past from 11 to 18 per cent, the Chesapeake and Ohlo has made no increase functions of the proposed building, it will compare favorably with the specifications of the proposed building, it will compare favorably with the inext offee structures of the proposed building, it will compare favorably with the specifications of the proposed building, it will compare favorably with the inext offee structures of the proposed building, it will compare favorably with the specifications of the proposed building, it will compare favorably with the inext offee structures of the proposed building, it will compare favorably with the specifications of the proposed building, it will compare favorably with the specifications of the proposed building, it will compare favorably with the specifications of the proposed building, it will compare favorably with the specifications of the proposed building, it will compare favorably with the specifications of the proposed building, it will compare favorably with the specifications of the proposed building, it will

same territory have within the past two years granted increases ranging from 11 to 18 per cent., the Chesapeake and Obio has made no increase within the same period, despite the fact that the cost of living has greatly advanced. The road, they claim, pays less to its telegraphers than does the Norfolk and Western and other competing lines.

Strike Vote Taken.

A strike vote submitted to the 800 members of the Chesapeake and Ohio branch of the Order of Railroad Telegraphers on December 14, shows the men to be solidly for the increase, an almost unanimous vote to this effect being registered. The men have agreed to stand by any arrangement ratified by their committee, which, it was stated yesterday by its chairman, will accept nothing less than a 121-2 per cent, increase. This means in effect that unless this demand is met telegraphers of the Chesapeake and Ohio system will be crilled out on strike. strike.

In an anguish of despair she endeavored to heat out the flames with her hands. Neighbors were attracted by the screams of the woman and by the cries of the little girl. They arrived too late. With rugs and blankets they finally extinguished the blaze. Practically every stilch of clothing was burned from the body.

The city ambulance was summoned, and Dr. Watts, who responded, hurried Mrs. Walker to the Retreat for the Sick, where she died a short time later.

Committee Recommends That Inspector of Gas Get \$2,200 a year.

The Light Committee at a meeting last night recommended to the City Council that the ordinance governing the office of the Inspector of Gas be amended to increase the salary from \$1,750 to \$2,200. An application for an increase of salary was made to the committee by the incumbent, Joseph M. Shelton, and it was the opinion of the committee that this should be done, in view of the fact that the work of the office had materially increased during the past soveral years. The crdinance was offered by Alderman John J. Mitchell, of Clay Ward. A meeting of the Market Committee was scheduled for last night, but failed of a quorum.

Wrote Her Story of Crime After Beattie Trial-Library Finding List.

Bills covering its legislative program, which has been frequently published, were considered by the State Board of Charities and Correction at its meeting yesterday. Members present were George II. Denny, Li. D., chairman; Rev. S. C. Hatcher, D. D., Paulus A. Irving, M. D., and J. Alston Cabell, with Secretary J. T. Mastin. The amount of money to be asked for the establishment of a separate institution for the feeble-minded has not yet been determined upon. Other of the plans of the board are prevention of the marriage of mental defectives; State ownership and control of reformatory institutions; provision for the profitable and healthful employment of all persons serving time in the jails of the State; amenument of the law concerning the insane, so as to provide that persons suspected of being insane and those adjudged insane shall not be confined in the jails; provision for district almshouses. the jails; provision for distric almshouses.

almshouses.

Dr. Denny met with the board for the last time, his resignation becoming effective on January 1. He made a short address, expressing his personal friendship and esteem for every member of the board. He said that he was as deeply interested in its work as in that of any institution with which he had ever been connected. As a final message before his departure from the State to take up the presidency of the University of Alabams, Dr. Denny asserted that there is no more important work than that in which the charities board is engaged, that his interest in it would continue and that he would always be at its service.

Resolutions regarding Dr. Denny's departure were offered by Dr. Hatcher and Mr. Cabell and unanimously adopted. His services were commended in the warmest terms, and the State of Alabams was constrained to every member of the part of the commended in the warmest terms, and the State of Alabams was constrained.
